

MELATINE®

REVIVE NATURAL COLOR & CONTROL GRAY HAIRS
PATENTED NATURAL HYDROLYZED SOLUBLE KERATIN RICH IN MELANIN
CLINICAL STUDIES & BIO AVAILABLE OLIGOPEPTIDES

KEEPS CONTROL OF EMERGING GRAY HAIRS
STIMULATES MELANOGENESIS & RESTORES NATURAL HAIR COLOR
RESTORES HEALTHY HAIR & VITALITY

WORLDWIDE PROVEN INNOVATION

WHEN HAIR FOLLICLES ARE NOT GETTING ENOUGH NUTRIENTS AND MINERALS (OR ARE INFLUENCED BY OTHER FACTORS), THEY STOP PRODUCING MELANIN - THE PIGMENT RESPONSIBLE FOR HAIR COLOR. AS A RESULT, HAIR TURNS PROGRESSIVELY GRAY.

HOW DOES IT WORK ?

CONCLUSIONS OF IN VIVO CLINICAL STUDIES

(by DERMSCAN | 32 people | 120 days)

After 2 months, with a daily MELATINE® dosage of 650mg, impressive results have been recorded:

Stimulates melanogenesis in order to offset the development of new gray hair which results from a cessation of melanogenesis from non-functional melanocytes.

Gradually helps hair roots to restore natural color and therefore fights against the premature aging of hair through the stimulation of the hair bulb and melanocytes.

Significantly darkens hair color by up to 13% after 120 days:

Promotes healthy hair, reduces hair loss and strengthens hair by stimulating the activity and regeneration of keratinocytes.

Has strong antioxidant activity which protects and fights against free radicals.

OVERALL CONCLUSIONS:

After a 4-month course, 95% of subjects liked the product, 87% found their hair more colored, 84% would like to continue using MELATINE® and 85% would recommend purchasing MELATINE®.

With a regular consumption of over 4 months, MELATINE® contributes to the maintenance of natural hair pigmentation and offers a preventative solution against graying hair.

CUSTOMER SATISFACTION:

- FORM POWDER (SOLUBLE)
- COLOR BROWN
- TASTE/SMELL LIGHT
- SHELF LIFE 5 YEARS
- ORIGIN SHEEP WOOL
- KOSHER & HALAL CERTIFIED
